Thanks Paula, would you be willing to prompt Steve again as we're on a time crunch? Thanks,
Rob

Hi Paula – Did Steve send over the Analytical Results yet today? Could you let me know where to find them if he did?

Thanks,

Rob

Steve or Sherry – Can you send me (electronic) the final QAPPs, Sampling & Analytical Results reports for the last 4 years – 2012, 2013, 2014, & 2015? We would need all of the appendices including field notes, validation, maps, etc. that support the data collection in that report. If you have an FTP site or something similar that would make it easy to transmit the reports to a number of EPA staff both in Region 8 as well as HQ, please let me know.

If you have questions about this request, let me know.

Thank you.
